

Sektor Group in brief

The Sektor Group owns, develops and manages shopping malls and real estate projects, either alone or in partnership with other companies. The Group's general objective is to be at the cutting edge of development, management and operation of shopping malls and real estate projects. The primary task is to create optimum value for owners and users.

The Sektor Group is divided into two companies: Sektor EiendomsPartner AS and Sektor EiendomsUtvikling AS.

Sektor EiendomsPartner AS plans and participates in development projects that create synergies among different environments with the aim of creating a positive impact on the area in general.

Sektor EiendomsUtvikling AS is purely a shopping mall company that develops, manages and operates shopping malls. The goal is optimum growth of tenants turnover and to ensure enjoyable shopping for our customers.
