

ESDPPP Chamonix 2009

PROGRAMME

Tuesday 16 June 2009

19h30 : WELCOME PARTY AT MAJESTIC CONGRESS CENTRE

(FREE DINNER)

Wednesday 17 June 2009

8h45 - Welcome address Imti Choonara, Derby - UK & Gérard Pons, Paris - France

9h00 - SYMPOSIUM I (60 mn)

Challenges in immunization

Chairs : Marta Granström, Karolinska Institute, Stockholm – Sweden

Jean-paul Langhendries, St Vincent Hospital, Liege – Belgium

9h00 - 9h20 : Neonatal vaccination

David Goldblatt, UCL Institute of Child Health, London - U.K.

9h20 – 9h40 : Vaccination of prematures

Paul Heath, St George's, University of London – U.K.

9h40 – 10h00 : Vaccinating immunosuppressed patients

Per Ljungman, Karolinska University Hospital, Stockholm – Sweden

10h00 - SYMPOSIUM II (60 mn)

Medicines for adolescents reproductive health

Chairs : Viveca Odling, Medical Products Agency, Uppsala – Sweden

Donald Mattison, N.I.H., Washington – U.S.A.

10h00 – 10h20 : Contraceptive choices

Viveca Odling, Medical Products Agency, Uppsala – Sweden

10h20 – 10h40 : Emergency contraception

Tanja Tyden, Uppsala Unisersitet - Sweden

10h40 – 11h00 : Medical abortion

Kristina Gemzell, Karolinska University Hospital, Stockholm – Sweden

11h00 Coffee break

11h20 STATE OF THE ART LECTURE I (40 mn)

11h20 – 12h00 : Modeling and simulation for paediatric drug development

Jean-Louis Steimer, Novartis, Basel - Switzerland

Chair : Brian Anderson, Auckland Children's Hospital - New Zealand

12h00 - SYMPOSIUM III (60 mn)

Modeling and simulation for paediatric drug development

Chairs : Steven Kern, Salt Lake City – U.S.A & Gérard Pons, Paris - France

12h00 – 12h20 : An industry perspective

Olivier Luttringer, Novartis, Basel - Switzerland

12h20 – 12h40 : An academic training perspective

Steven Kern, University of Utah - U.S.A.

12h40 – 13h00 : A clinical network perspective

James C. McElnay, Queen's University, Belfast - Ireland

13h00 LUNCH

14h30 FREE COMMUNICATIONS I (90 mn)

Chairs : Betty Kalikstad, University Hospital Oslo – Norway

Shinya Ito, Hospital for Sick Children, Toronto - Canada

16h00 Coffee break

16h20 POSTER DISCUSSION I (60 mn)

Chairs : Stephanie Läer, Heinrich Heine University, Düsseldorf - Germany

Karel Allegaert, University Hospital Leuven – Belgium

17h20 STATE OF THE ART LECTURE II (40 mn)

17h20 – 18h00 : Ethics and methodology in children undergoing clinical studies

Jean-Paul Amann, Collège de France, Paris - France

Chair : Catherine Chiron, Paris – France

18h30 – 19h30 CONCERT in “le MAJESTIC”
Thomas CHIRON (Piano), Jule VORTISCH (Vocal)

THURSDAY 18 JUNE 2009

8h30 STATE OF THE ART LECTURE III (40 mn)

8h30 – 9h10 : State of the art in perinatal medicines or regulatory perspectives for drugs in pregnancy

Donald Mattison, N.I.H., Washington – U.S.A.

Chair : Agnès St Raymond, E.M.E.A., London – U.K.

9h10 - SYMPOSIUM IV (60 mn)

Perinatal medicines 1 : Medicines in pregnancy

Chairs : Donald Mattison, N.I.H., Washington - U.S.A.

Marc Bardou, INSERM, Faculty of Medicine, Dijon - France

9h10 – 9h30 : Pharmacological impact of physiological changes in pregnancy

Shannon Clark, UTMB, Galveston - U.S.A.

9h30 – 9h50 : Pharmacodynamics & pharmacokinetics of glyburide in pregnancy

Mary Hebert, Washington University, Seattle - U.S.A.

9h50 – 10h10 : Obesity and its effects on the myometrium, including the obesity related peptides.

John Morrison, University College Hospital, Galway – Ireland

10h10 Coffee break

10h30 FREE COMMUNICATIONS I (60 mn)

Chairs : Karel Allegaert, University Hospital Leuven – Belgium

Sharon Conroy, University of Nottingham, Children's Hospital Derby – U.K.

11h30 SYMPOSIUM V (60 mn)

Perinatal medicines 2 : Medicines in pregnancy

Chairs : Donald Mattison, N.I.H., Washington - USA

Marc Bardou, INSERM, Faculty of Medicine, Dijon - France

11h30 – 11h50 : Why tocolytics failed ? The consequence of ignoring pharmacology in pregnancy.

Steve Caritis, Pittsburg University - U.S.A.

11h50 – 12h10 : Phosphodiesterase inhibitors (P.D.E.I.) and preterm labour.

Céline Mehats, I.N.S.E.R.M. U767, Paris - France

12h10 – 12h30 : Myometrial consequences of infection/inflammation and the role of beta-3 adrenergic receptor stimulation.

Marc Bardou, INSERM, Faculty of Medicine, Dijon - France

**12h30 EXCURSION TO THE GLACIER “MER DE GLACE”
(LEAVING from “le MAJESTIC”)**

13h00 LUNCH

17h30 SYMPOSIUM VI (1h20)

Challenges of drug therapy for children throughout the world

*Chairs : Imti Choonara, University of Nottingham, Children's Hospital Derby - U.K.
Stuart McLeod, British Columbia Children's Hospital, Vancouver - Canada*

17h30 – 17h50 : Access to essential medicines for children

Sue Hill, WHO, Geneva - Switzerland

17h50 – 18h10 : Current issues in antimalarial drug therapy in children

Anja Terlouw, Liverpool School of Tropical Medicine - U.K.

18h10 – 18h30 : Ensuring children with epilepsy receive treatment worldwide

Hubert Barennes, PDR, Vientiane - Laos

18h30 – 18h50 : Drug therapy of pneumonia in the developing world

Shamim Qazi, WHO, Geneva- Switzerland

18h50 Free time

**20h00 GALA DINNER at "LA CABANE"
(BUS LEAVING in front of "le MAJESTIC" at 19h30)**

Friday 19 June 2009

8h30 STATE OF THE ART LECTURE IV (40 mn)

8h30 – 9h10 : Observational studies and level of proof

Corinne de Vries, University of Bath - U.K.

Chair : Martin Chalumeau, INSERM U953, Paris - France

9h10 SYMPOSIUM VII (60 mn)

Pharmaco-epidemiology to evaluate paediatric drugs

*Chairs : Lamiae Grimaldi – Bensouda, Inserm U657 & LaSer, Paris - France
Martin Chalumeau, INSERM U953, Paris - France*

9h10 – 9h30 : Pharmaco-epidemiology studies to evaluate drug safety in children

Lamiae Grimaldi – Bensouda, Inserm U657 & LaSer, Paris - France

9h30 – 9h50 : Nordic study on SSRIs and risks of congenital malformations, abortions, perinatal death and persistent pulmonary hypertension of the newborn.

Helle Kieler, Karolinska University Hospital, Stockhol - Sweden

9h50 – 10h10 : Propensity score : an elegant alternative to randomized controlled trials ?

*Ricardo Carbajal, Trousseau Hospital, Paris - France
Martin Chalumeau, INSERM U953, Paris - France*

10h10 Coffee break

10h30 SYMPOSIUM VIII (60 mn)

Innovative therapeutic approaches : the example of cystic fibrosis

Chairs : Franck Dufour, Cystic Fibrosis Europe, Brussels - Belgium

Frederic Becq, Poitiers University - France

10h30 – 10h50 : The role of patient organizations in drug development : the example of CF

Franck Dufour, Cystic Fibrosis Europe, Brussels - Belgium

10h50 – 11h10 : Screening of new molecules, tissue models and cystic fibrosis *in silico* model

Frederic Becq, Poitiers University - France

11h10 – 11h30 : In vitro tools for the development of a new drug for CF

Ludovic Wiszniewski, Epithelix, Geneva - Switzerland

11h30 – 11h50 : Innovation in Cystic Fibrosis. Meveol : Networking, the key to success

Philippe Nussbaumer, Mucoviscidose Innovation, Paris - France

11h50 FREE COMMUNICATIONS II (60 mn)

Chairs : Mati Berkovitch, Assaf Medical Center, Tel Aviv University - Israël

Madlen Gazarian, Sydney Children's Hospital, Sydney - Australia

12h50 LUNCH

14h00 SYMPOSIUM IX (60 mn)

Current issues in drug development of anti-epileptic drugs in children

Chairs : Catherine Chiron, INSERM U663 Necker Hospital, Paris - France

Ronit Pressler, Great Ormond Street Hospital for Children, London - U.K

14h00 – 14h20 : Anti-epileptic drug development in children : considerations for a revisited strategy

Catherine Chiron, INSERM U663 Necker Hospital, Paris - France

14h20 – 14h40 : Bumetanide in neonatal seizures

Ronit Pressler, Great Ormond Street Hospital for Children, London - U.K.

14h40 – 15h00 : Anti-epileptic drugs in animal models

Rima Nabbout-Massimo, Mantegazza - Italy

15h00 Coffee break

15h20 POSTER DISCUSSION II (60 mn)

Chairs : Mati Berkovitch, Assaf Medical Center, Tel Aviv University - Israël

Saskia de Wildt, Sophia Children's Hospital, Rotterdam - The Netherlands

16h20 SYMPOSIUM X (60 mn)

Current issues in drug neuroprotection in children

Chairs : Pierre Gressens, INSERM, Robert Debré Hospital, Paris - France

Etienne Jacotot, Imperial College, London - U.K

16h20 – 16h40 : Identification and pharmacological targeting of an early cell death checkpoint during perinatal brain ischemia

Etienne Jacotot, Imperial College, London - U.K

16h40 – 17h00 : Development of drug neuroprotection strategies using a preclinical animal model (Phenopups)

Boris Matrot, INSERM, Robert Debré Hospital, Paris - France

17h00 – 17h20 : Neuroprotection in neonates

Pierre Gressens, INSERM, Robert Debré Hospital, Paris - France

17h20 GENERAL ASSEMBLY

Saturday 20 June 2009

8h45 FREE COMMUNICATIONS III (90 mn)

*Chairs : Stephanie Läer, Heinrich Heine University, Düsseldorf - Germany
Brian Anderson, Auckland Children's Hospital - New Zealand*

10h15 STATE OF THE ART LECTURE V (40 mn)

The EU network for the evaluation of medicinal products in children
Agnès Saint-Raymond, EMEA, London - U.K.

Chair : Gérard Pons, Clinical Pharmacology University Rene Descartes, Paris - France

10h45 Coffee break

11h05 SYMPOSIUM XI (60 mn)

Current issues in drug development of anti-cancer agents in children

*Chairs : Gilles Vassal, I.G.R., Paris - France
Kathy Pritchard-Jones, Institute of Cancer Research, Sutton - U.K.*

11h05 – 11h25 : The challenges of new drug development for children with cancer
Gilles Vassal, I.G.R., Paris – France

11h25 – 11h45 : Targeted therapies in paediatric malignancies
Birgit Geoerger, I.G.R., Paris – France

11h45 – 12h05 : Caring for quality of cure in long term survivors
Kathy Pritchard-Jones, Institute of Cancer Research, Sutton – U.K.

12h05 Summary of the congress and farewell address - Gérard Pons

12h25 LUNCH

14h00 End of meeting
